PADUCAH, KY., THURSDAY EVENING, NOVEMBER 10, 1910.

TEN CENTS PER WEEK

OPENING SERMON TO BE PREACHED BY R. H. MAHON

Former Pastor of Broadway
Will Preside In Pulpit
First Night.

When Memphis Conference
Meets Here.

FIRST SESSION ON WEDNESDAY.

The opening sermon at the Memphis conference which will convene in Paducah Wednesday, November 16, will be preached by Dr. R. H. Mahon, pastor of the First Methodist church, Brownsville, Tenn. It will be delivered Tuesday evening before the formal opening of the conference, but practically all of the delegates will be present that evening. Dr. Mahon is one of the most able ministers who will be present. He has been preaching for 50 years and the sermon will be a semi-centennial one, in recognition of his long service as a pastor.

The sermon will be of particular interest in Paducah because Dr. Mahon is much identified with Methodistism here. He was a pastor of the first Broadway Methodist church in Paducah that stood at the northwest corner of Fourth street and Broadway. He also served the church when it was located at the southeast corner of Seventh street and Broadway. He is a man of deep piety and learning and is one of the foremost ministers of the Memphis conference.

Among the first arrivals for the conference will be the undergraduates, who will arrive next Monday. About 30 are expected and they will be examined Tuesday afternoon. There are four classes of the young ministers and they will be examined according to the one, two three or four years' service. The regular delegates will arrive Tuesday in time for the formal opening of the conference on Wednesday morning.

All the delegates have been assigned to their homes while in the city, and the Rev. G. T. Sullivan, the conference host, has practically completed all the arrangements for the conference.

Big Oil Tank Burns.

New York, Nov. 10.—Forty thousand barrels of kerosene oil in the tank of the Tidewater Oil company at Bayonne, N. J., went up with such a roar that the countryside trembled for miles around. One man is missing and five others are seriously bruised.

Capt. Ned Cook.

Mayfield, Ky., Nov. 10.—Captain Ned Cook, who was born and reared near Mayfield, this county, died at his home in Tulsa, Okla. He leaves many relatives in this county, among them being a cousin, W. S. Cook, the banker of this city.

26 Tried to Kill Emperor.

Tokio, Nov. 10.—The finding of the special court organized to try the plotters against the life of the emperor was announced. Twenty-six persons were found guilty, including the ring leaders, Kotoku and one woman, the wife of Kotoku. The court recommends "the severest penalty under clause 73," which provides capital punishment for the plotters against the imperial family.

No Use Firing.

Bangor, Pa., Nov. 10.—A Bangor Ceryman, who was scouring the fields for game, near North Bangor, caught sight of a rabbit perched on the pilot of a Lehigh & New England freight locomotive; but just as he was drawing near to shoot, Lester Marsh, fireman on the engine, threw a lump of coal and killed the rabbit. The railroad men recalled that hounds were running near the railroad at Portland, and thought the rabbit jumped on the pilot there, and rode with them to North Bangor, five miles.

SUFFRAGE IS DEMANDED.

King Albert of Belgium Bombarded With Paper Bombs in Brussels.

Brussels, Belgium, Nov. 10.—An extraordinary demonstration occurred in the streets as King Albert drove from the palace to the Palace of the Nation to open parliament.

A million slips of paper bearing in demand for universal suffrage stormed the royal cortege, and some heavy packages of these were thrown at the king's carriage by a crowd of Socialists.

His majesty was not hit. As the king opened the parliamentary session, violent altercations between the Socialists and Catholics began at once.

Noble Hiding in the Mountains
of East Kentucky From
Posse—Four Children Burn
to Death in Home.

Jackson, Ky., Nov. 10. (Special.)—Word was received from Jake Noble, who killed Jailer Turner, that the posse which goes for him should bring two coffins, one for Noble and one for the sheriff.

Four Children Burn to Death.
Bowling Green, Ky., Nov. 10. (Special.)—Four children were burned to death when the home of Craig Harjoon, colored, was destroyed by fire during the absence of their parents.

KISSED HER WITH
TOO MUCH ARDOR.

Minneapolis, Minn., Nov. 10.—Because her husband in kissing her used too much ardor, and because she objects to osculation as a general proposition, Mrs. Amelia Schmidt is suing her husband for divorce on the ground of cruel and inhuman treatment. The alleged osculation which is the basis of the suit is said to have taken place on August 6 last at the home of the woman's mother, which she refused to leave at the suggestion of her husband.

Inspector Hicks Ill Again.

Rheumatism is bothering City License Inspector Robert Hicks again and he will leave tomorrow for Martinsville, Ind., for a ten days' stay to benefit himself. Upon his return warrants will be sworn out against every lawyer in the city who has failed to pay their licenses for 1909 and 1910. Over half the 1910 licenses have been collected and most of the attorneys owe for last year. Judge Cross warned the attorneys this morning and will fine them unless they pay. The annual license is \$25, which applies to either one or a firm where there is a bona fide partnership.

POURED OIL ON FIRE
WILL DIE AS RESULT.

Glasgow, Ky., Nov. 10.—Riley Nichols, a retired farmer of Glasgow, received a telephone message from Slick Rock this morning stating that his daughter, Mrs. Charlie Broady, was so badly burned that she would die. Mrs. Broady was pouring oil on a fire when a can of oil exploded and she was enveloped in flames. Her husband heard her screams and ran to her rescue but was unable to save her. Mrs. Broady is 37 years old and has five children.

SIXTY ARE EXPELLED IN
HIGH SCHOOL PRAT WAR

Watertown, N. Y., Nov. 10.—The war which the local board of education is waging against the high school fraternities has reached a climax with the expulsion of 64 of 684 students. Their expulsion followed their refusal to sign a paper renouncing present or future membership in secret high school organizations. Twenty-nine of those standing out against the board are girls. The expelled ones have engaged an attorney and will make a test case of the matter.

TWO MORE DEMOCRATIC
CONGRESSMEN ADDED

Washington, Nov. 10.—Alabama and Florida are each entitled to one additional congressman because of increases in population as shown by the new census. Florida's total is 751,139, an increase of 222,597. Alabama has 2,188,093, an increase of 309,309.

President Leaves For the Canal Zone

Charleston, S. C., Nov. 10.—President Taft today sailed for Panama to investigate canal needs. He last visited the canal zone in 1909, before his inauguration. The president expects to make recommendations to the approaching congress, regarding executive and engineering problems in Panama, rates of toll, form of government, the disposition of the Panama railroad and the regulation of coal sales.

Controversy Must Wait.

Washington, Nov. 10.—The controversy between Germany and the United States in regard to the tax of potash will lie dormant until Taft's return from Panama. The president will return in about two weeks.

MRS. SOWELL'S MOTHER DIES FROM INJURIES

Word was received today by the family of Mr. A. B. Sowell, 1325 Broadway, of the death of Mrs. Sowell's mother, Mrs. N. K. Searcy, at Murfreesboro, Tenn., last night. Mrs. Searcy fell and broke her hip several weeks ago and her death resulted from the complications ensuing. Mrs. Sowell has been with her mother ever since the accident. No details in regard to the funeral were given in the long distance message. Mrs. Searcy has visited here on several occasions and made a number of warm friends, who will greatly regret the sad news. She was a woman of fine mentality and was greatly beloved in Murfreesboro. She belongs to a prominent Tennessee family.

Theophobus Brown.

Mayfield, Ky., Nov. 10.—Theophobus Brown, of Brown's Grove, died at his home of cancer, at the age of 75 years. He was one of the oldest citizens in his section and had reared a large family of children, who are prominent all over the country. His wife preceded him to the grave by a few months.

ACCUSED SHOOTS HIS ACCUSERS

HUN AMUCK IN OFFICE OF DISTRICT ATTORNEY AT BOSTON.

Boston, Mass., Nov. 10.—A man giving the name of Walter G. Fall, 22 years old, ran amuck today in the office of District Attorney Peletr, shooting and killing Police Sergeant Schlehauer and Frank E. Reese. Several attorneys and clerks were injured before Fall was arrested. Fall first burst into Peletr's office and began shooting at men, who charged him with a serious crime against Esther H. Fong, 14 years old. Reese is the step-father of the girl.

Spectacular Flights.

Baltimore, Nov. 10.—Picturesque flights marked the aviation meet today. There were three cross country flights in which Hoxsey, Lathan, De Vossop, Willard, Ell and Drexel took part. In the altitude flights it was expected new record would be made, but the aviators gave more attention to spectacular turns of their machines than to records.

RICKMAN APPEALS IN
LIQUOR LICENSE CASE

The suit of M. L. Rickman against the city of Paducah, contesting the right of the mayor to revoke a saloon license, will be appealed. Circuit Judge William Reed decided that the mayor did have a right to revoke the city license. Rickman was tried in the police court on the charge of a violation of the liquor law, and Mayor Smith promptly revoked the license. Rickman appealed the case to circuit court, and Judge Reed gave Rickman 20 days in which to take an appeal. By taking the appeal Rickman will be able to keep his saloon open until the case is disposed of in the appellate court.

RIGHT PERSON IS CAUGHT, THOUGH OTHER IS SOUGHT

Leonard Wilson Not Wanted
For Killing Henry Cherry,
But Harry Shaver.

Confessed When Arrested On
Other Charge.

SAID IT WAS SELF-DEFENSE.

Harry Shaver, 19 years old, a negro roustabout of Louisville, is the correct name of Henry Cherry's slayer, and is in the McCracken county jail for safe keeping.

He was brought here at 8 o'clock last night by Deputy Sheriff Huddleston, of Fulton, and revealed his real name. Shaver might not have been held on a murder charge if he had known that the police were searching for Leonard Wilson, whom they thought him to be. Shaver, who was caught at Fulton yesterday, for riding "blind baggage," on an Illinois Central passenger train, was found to have a revolver and was locked up in a charge of carrying concealed a deadly weapon.

When questioned he admitted that he had trouble at Paducah and finally confessed to shooting Cherry, who died as a result of his wound shortly before noon yesterday at Riverside hospital. He said he and Cherry had trouble on the Ohio river on the steamer John L. Lowry, and the quarrel was renewed when the boat landed at Paducah Monday morning about 4 o'clock. He said Cherry "ushed at him with a knife and he shot in self-defense.

Cherry's body was removed to the colored undertaking shop of Watkins & Rucker, 221 South Seventh street, where it is being held awaiting a reply from relatives at Clarksville, Tenn., who were notified of his death.

The charge of malicious shooting against Shaver was changed to murder and he will be presented before County Judge Alben Barkley, as Police Judge Crom has no jurisdiction in homicide cases, according to a decision handed down by Circuit Court Judge William Reed. The date for the trial has not been fixed, as it will be necessary to wait for the arrival of the steamer Lowry from Evansville for two eye witnesses. The Lowry is due tonight or tomorrow morning.

Deputy Sheriff Huddleston returned to Fulton this morning. Patrolman Henley Franklin questioned Cherry yesterday, but the dying negro did not make any statement, exonerating Shaver. He was too weak to talk.

Cause of the Murder.

The refusal of Cherry to remove ashes from the brelux of the steamer Lowry is the cause of the murder, according to Harry Shaver, who is in the county jail. Shaver says that it was Cherry's duty to remove the ashes, and when he was ordered to do the work that Cherry became surly. According to Shaver, Cherry quarreled with a large rouser named Rich, but was afraid of him. While angry Cherry turned on him with an open knife. When Cherry advanced he shot, Shaver says, and fled and caught a freight train for Fulton after a chase by Patrolman Gilliam. Shaver's home is in Louisville, and he has been running in and out of Paducah for several weeks on steamboats.

San Antonio, Texas, Nov. 10.—Reports received here this morning from Mexico City, say that two Americans were killed in mob outbreaks late last night. Mobs, conducting the anti-American revolt, seized a young American in the outskirts of the city and lynched him to a tree, cutting down the body before the police arrived.

An American child is reported killed when mobs stoned a street car, carrying Americans. Several Mexicans were killed by police suppressing the riots.

Bomb Thrown at Wilson.

Monterey, Mexico, Nov. 10.—Advices received here today from Mexico City say a bomb was thrown at American Ambassador Wilson during the suppressed excitement over the anti-American revolt. Wilson escaped unharmed. Reports from the capitol are strictly censored.

Patterson Democrats Planning To Oust Hooper If They Can Secure Control In Tennessee Assembly

Charges of Fraud In Memphis
Paper Preliminary to Taking
Contest Before State Legislature.

Nashville, Tenn., Nov. 10. (Special.)—Returns so far indicate regular control of the senate and fusionist control of the house. On joint ballot, it is believed the fusionists will have a majority, unless the old trick of renegade senators leaving the state is again resorted to.

Nashville, Tenn., Nov. 10. (Special.)—Claims of the Democratic chairman, coupled with the refusal of the Memphis papers to concede Hooper's election indicate an intention of the Patterson Democrats, if they control the state legislature, to attempt to count out Ben Hooper, as they did General H. Clay Evans. It will be more difficult, of course, because Hooper's majority is so much greater, and he has behind him the sentiment of the state much stronger than the vote he received, backed up by both Nashville papers and most of the rural press.

The claim is being made that mountain counties are holding back returns for the purpose of ascertaining how many voters are needed and making their majorities for Hooper accordingly. Since the Republican and fusion estimates, giving Hooper a majority of 15,000, are based on merely normal Republican majorities in East Tennessee, the charge of possible fraud is palpably bogus for the purpose of making an excuse for the legislature to overthrow the will of the people and declare Bob Taylor elected.

The legislature is still in doubt. That returns from distant mountain counties should be slow in coming in, is to be expected, and is always the case. They will, of course, be for Hooper, and the estimate, upon which Hooper's majority was based, comprehended no more than ordinary majorities up there.

Gen. Gulen Is Dead.

Colorado Springs, Nov. 10.—General George Gulen died today after an illness of several months. He was a native of Seneca Falls, N. Y., and had distinguished himself in war.

County Teachers' Salaries.

The county school teachers will not receive their salary for October until a few days as Prof. L. W. Fezzer, county school superintendent, has not received the money from the state. Today was the regular pay day for November.

Approve Fire Alarm System

The joint fire and police, finance and public improvement committees of the general council met at the city hall at 1 o'clock this afternoon and recommended to the general council the acceptance of the Dean fire and police call system, which was recently installed. There are 50 boxes for which the city pays a monthly rent of \$2.50 each. Present were Aldermen Hank Lackey, Van Meter and Councilmen Hannin, Mayer, Leigh and Wilson. The new system is in perfect working order and both the police and fire departments excel those of any city of this population.

Monterey, Mexico, Nov. 10.—Advices received here today from Mexico City say a bomb was thrown at American Ambassador Wilson during the suppressed excitement over the anti-American revolt. Wilson escaped unharmed. Reports from the capitol are strictly censored.

WYOMING ELECTS CAREY GOVERNOR; DAKOTA IN DOUBT

Both Sides are Claiming Election By Less Than
500.

Senate Is Republican By Ten
Votes.

DEMOCRATIC IN THE HOUSE.

Fargo, N. D., Nov. 10.—Only the official count will determine who is elected governor. The Republican committee claims Johnson's election by 400. The Democrats claim Burko's election for a third term by 200.

Clark Is Elected.

Cheyenne, Wyo., Nov. 10.—Although the Republican committee concedes the election of Carey as governor, the re-election of United States Senator Clark, regular, is assured by returns received today from outlying districts.

Kern's Luck.

Indianapolis, Nov. 10. (Special.)—The latest reports from all parts of the state show the legislature is Democratic on joint ballot by 15. This means the defeat of Beveridge, but there is strong talk of Democrats knifing Kern.

Democrats Have 30 Majority.

Complete returns on the election on the election of representatives in congress indicate the Democrats will have a working majority of 39 in the next house. The number of Democrats elected to congress, according to the latest returns, which are of an unofficial character, is 225. The

Lisbon, Nov. 20.—It is officially announced that 61 persons were killed and 417 others wounded at the time of the revolution.

ARGUMENTS BEGUN IN
STANDARD OIL CASE.

Jackson, Tenn., Nov. 10.—Arguments in the suit of the United States against the Standard Oil company of Indiana on a charge of illegally accepting freight concessions were begun in the federal court today. The motion to dismiss on technical grounds was overruled by Judge McCall.

DR. D. C. WRIGHT URGED TO REMAIN

Strog pressure from without and within his congregation is being brought to bear upon Dr. David Cady Wright, rector of the Grace Episcopal church, for a reconsideration of his acceptance of the pastorate of the St. Paul's Episcopal church in Louisville. Because of his good work in Paducah, citizens outside his own congregation are circulating a petition requesting him to remain in Paducah. Many signers have been secured, and the fact that this pressure is being brought to bear, it may have some influence on Dr. Wright.

Members of the congregation met last night at the parish house and adopted a resolution asking Dr. Wright to reconsider his acceptance of the Louisville pastorate. This afternoon a committee composed of Messrs. Muscoe Burnett, George Langstaff, R. G. Terrell, M. B. Nash and Vincent A. Salvo informed Dr. Wright of the resolution. Dr. Wright was impressed with the plea, and announced that he would give his answer tomorrow. From all over the city there have been expressions of regret at his departure from Paducah.

Succeeds Husband.

Houston, Tex., Nov. 10.—A special from Robert Lee, Coke county, says: "While Mrs. T. L. Johnson was prostrated yesterday over the remains of her husband, which are at their home awaiting interment voters of the county elected her to the office of county tax assessor. Mr. Johnson was the incumbent of the office and the Democratic nominee for re-election, but he was mistaken for a deer by a companion on a hunt last Sunday and fatally shot."

You Economical Women Who Buy Corsets for a Dollar or Two—

Don't You Know That's False Economy? Let Us Tell You About a Real Bargain

When front laced corsets were first placed on the market at \$25 they were purchased only by the millionaires. Later, when the \$15 corset made its appearance women sought them, because, even though considered a luxury, they were recognized as the one corset that combined style and healthful comfort. Then when the \$12, \$8 and \$5 Gossard was offered, many women eagerly accepted the opportunity to secure the corset that until then had seemed beyond their reach.

Gossard
CORSET
"They Lace in Front"

Now, when you can get true Gossard principles of corsetry, with the distinctive features of the Gossard front lacing, the habit back and the hygienic comfort combined, and the same beautiful lines for which formerly \$25 was cheerfully paid—for only \$3.50—doesn't it seem absurd to even think of another make?

Suppose you have felt that \$2 was your limit to pay for a corset. Be honest. Has it been satisfactory? Has it kept the lines that looked good to you when you bought it? Has it worn well? Has it been comfortable? Was it fitted by an expert corset fitter whose experience proved of value in knowing the particular model for your style of figure? Haven't you sometimes wondered why some women had such perfect poise, could stoop and exercise without having a steel break and dig into them, why their clothes fitted so well, especially why their

backs looked so good? Didn't it ever dawn on you that it is the Gossard that does all this and more?

A Gossard at \$3.50 is true economy, but it's not cheap in the true sense of the word, for there is nothing tawdry about it. The materials are the best there are on the market for the money.

The model illustrated conforms to the present styles and the workmanship shows the Gossard precision of detail and accuracy of boning. Boned with ELECTRO-boning, which is as strong as steel, yet more pliable than whalebone.

Here is an opportunity waiting for you. Be fitted by one of our experienced corsetieres who is acquainted with every detail of corset fitting from a fashionable and hygienic standpoint.

The same courteous attention given to the \$3.50 fitting as to a \$25 one. Other models from \$5 to \$25. Come and see for yourself.

HIGH SCHOOL

WILL HASTE TO DEVELOP A DEFENSE.

Squads Will Play to Improve Work Before Thanksgiving Game.

To develop better defensive work in preparation for the Thanksgiving Day game the high school football squad has been divided into two teams, and better scrimmage will be had. Yesterday afternoon in a practice game the second team walloped the first team by a score of 3 to 0. However, both teams put up a stiff game despite the warm weather and neither goal was crossed. For the purpose of making the game hot the second team has been strengthened with the addition of a few first team players.

Ward Browning was captain of the first team, and his inside kicks resulted in many gains for the first team. Joe Harth was captain of the second team, and his line plunges were fruitful with long gains.

The teams lined up:

"RUBE FLOYD"

FANNED OUT TWO AMERICAN LEAGUE STARS.

Clifton, Tenn., Pitcher Shows Good Form in His Home Town.

The feat of "Rube" Floyd, the tall twirler on the staff of the Indians, in winning the baseball championship for his home team at Clifton, Tenn., is made more of an achievement by the fact that the Linden, Tenn., team was strengthened with Joe Sloan and Clyde Milan, members of the Washington American team. Milan was a member of the All Star team that played the Athletics before the world's championship series. During the eight times that Milan faced Floyd in the four games he failed to secure a bludge.

Floyd has written to Charles Smith, who is a true blue baseball fan, and who was responsible for the finding of Little Zeke. Smith has known Floyd for several years, and when the Indians got in the hole last summer his recommendation of the Tennessee lad was so strong that he was given a trial, and the fans know the result. The Rube says he is in fine fettle, and is ready for next season to open. During the winter Floyd is in charge of a telephone office at Clifton.

MRS. ARGIE DEES

WIDOWED MOTHER OF RUDY DEES DIES.

She Was Native of Birmingham and Well Known in Marshall County.

Mrs. Argie Dees, a widow, 59 years old, died at the home of her son, Mr. Rudy Dees, No. 1712 Broad street, at 5:30 o'clock this morning of diabetes. Mrs. Dees was born at Birmingham, but spent most of her life at Benton. She was a faithful member of the Briensburg Methodist church and during her one year's residence in Paducah she made many warm friends. She was of a lovable disposition and of strong Christian character.

Surviving her are one daughter, Mrs. Nellie Lamb, of Tyler, and one son, Mr. Rudy Dees, who is connected with the Prudential Insurance company of this city. The body will be shipped to Benton at 7:45 o'clock tomorrow morning and burial will take place in the Wyatt cemetery, 4 miles east of Benton, at 2 o'clock tomorrow afternoon.

Funeral of Mrs. Ballowe.

The funeral and burial of Mrs. George Ballowe took place yesterday afternoon at the Mt. Pleasant cemetery near Kevil. Mrs. Ballowe died late Monday afternoon after a lingering illness with tuberculosis. She resided in Paducah at 904 Broadway, but for several months had been at the home of her brother, Wiley Stewart, at Kevil. Her condition had been serious for several months, but she bore her suffering with patience. She is survived by her husband, Mr. George Ballowe, a boilermaker at the Illinois Central shops. She leaves four sisters: Mrs. Mary Gregory, Mrs. Melissa Helton and Mrs. Ellen Bone, of Kevil; and Mrs. Belle Gibson, of Wickliffe, and three brothers: Wiley, Thomas and Charles Stewart, who reside at Kevil.

MAYOR GAYNOR TAKES ACTION
Eliminated Strike Breakers from New York—Drivers' Strike.

New York, Nov. 10.—Mayor Gaynor today forbade the operation of wagons by union licensed drivers, thus eliminating the strike breakers upon which the express companies have depended.

Mayor Wittmann, of Jersey City, had already taken this stand and a test case is now on in the Jersey City courts.

More than 10,000 express drivers and helpers are out, augmented by most of the taxicab chauffeurs.

John Williams, state commissioner of labor, is due here from Albany tomorrow, and with Mayor Gaynor's action and the threat of state intervention, it is hoped that a settlement will be reached.

SOCIALISTS GAIN.

Nearly Double Vote for 1908 in New York.

New York, Nov. 10.—Marked gains in the Socialist vote throughout the state are shown in the returns from yesterday's election. Figures available indicate a total vote for Charles Edward Russell, nominee for governor, of 65,000, which is nearly double the 33,994 vote of 1908. In New York city Russell received 27,330.

Most significant, however, are the increases upstate. Sixty-five cities that gave a vote of 7,850 two years ago show 28,000 this year. In some instances the increases are as high as 500 per cent.

COOK WITH GAS

Did you ever stop to think how useful your Gas Stove is to you, during the winter months? If you cook exclusively with gas you are well aware of its advantages; but if you use a coal range in the winter you may never have thought of the many Gas Range conveniences. Here are some of them:

Sleep as late as you want in the morning. When you get up, light the gas in the oven of your gas range, leaving the oven and broiler doors open, so that the heat may circulate about the room and thus heat it up. Cook your breakfast and heat your water for washing the dishes on the Gas Range, then when you have more leisure, build your kitchen fire for the remainder of the day. You will find the extra sleep in the morning and the eliminating of the bother of having to start your coal range early in the morning a great blessing. Just try it and see if we are not right.

You can do away with your coal range entirely if you install a coke heater, which attaches to your gas range and connects with your boiler, for it will heat your kitchen and help do your cooking.

Wednesday, Nov. 16.—"The Climax."

Only Four Characters.

When Edward Locke wrote "The Climax" he incurred the enmity of the actors and the friendship of the producing managers. There are only four characters in the piece, three men and one woman. This means that many actors would be out of work, if all dramatists followed this lead, and that producing managers would have huge sums in salaries and railroad fares. The success of "The Climax" is history and the keen playwrights have been quick to see the point and do likewise. "The Climax" will be presented at the Kentucky next Wednesday night.

Habit of Picking Up Pins.

See a pin and pick it up,
And all the day you'll have good
luck.

See a pin and let it lie,
You'll come to want before you die.

No one believes those two short
adages—or, if he does, he will not
admit as much. People laugh at the
very idea that anyone in this day and
age could believe such nonsense.

Yet, why is it that half the town
will stoop to pick up a pin, no mat-
ter where it is found? Just a plain,
every-day pin, and no one knows
who its former owner was or for
what it was used no one cares; it's
a pin—pick it up!

Men will fall over each other to
pick up a pin—grey-haired, dignified
business men, if they see a pin they
must have it. They pick it up on the
street, or in the office, or in a store,
theater at home, at a party, any-
where. The temptation of a pin
shining impudently on the floor is
quite too much for the majority of
people. He is a very brave man who

can resist the temptation and a man
altogether wise and unimaginative.

You do not think it is true that
people pick up pins? Watch them
and you will find they pick up pins,
not only plain pins, but safety pins
and hairpins.

It is fancy and an early training,
with the old sayings, which will
prompt the action. Some pick up

Bad Breath

"For months I had great trouble with my
stomach and used all kinds of medicines.
My tongue has been actually as green as
grass, my breath having a bad odor. Two
weeks ago a friend recommended Cascara
and after using them I can willingly and
cheerfully say that they have entirely
cured me. I therefore let you know that I
shall recommend them to any one suffer-
ing from such troubles."—Chas. H. Hal-

pins which are pointing toward them
and others pins that are headed to-
ward them. Some pick up safety
pins that are closed, because they
will bring a letter; some pick them
up open to bring a visitor. A bent
pin is considered a great find
for Jack. President Taft is said
never to pass a hairpin by. He re-
serves his right vest pocket for the
treasure, keeping it for two weeks.
And yet, Mr. Taft declares he is not
superstitious, and he will walk under
a ladder or sit down to table with 13
to prove his assertions.

A prominent society woman of
Washington, who has the hairpin
hobby and confesses it, saves the
outer pocket of her leather chate-
laine for her pins and keeps them al-
ways. As a consequence they always
bunge out of the top of the pocket
and call forth many curious com-
ments. She is proud of her collec-
tion and will exhibit it gladly to any-
one who shows a kindly interest.
Each pin has a history, and, al-
though they look very much alike to
the uninitiated, she has no difficulty
in telling them apart and connecting
with them their rightful history.
She picks them up everywhere—in
the gutter, in the theater, on trains

—never is she in too much of a
hurry or too conspicuously placed to
pick up a hairpin—indeed, it has
been said of her that the moment
she sees a pin she forgets her sur-
roundings and her companions in
her ready interest over the new
treasure. Nor is she in the least em-
barrassed to find that a crowd has
gathered to witness her perform-
ance.

"If I want to pick up a pin I feel
I have that privilege, and I can be-
lieve in them; too, if I like. I would
not be the only one who is foolish,"
is her ready self-defense.

And everyone who stops to think
of it must agree with her that she
is not the only one behaving. Else
why all these pin gatherings?

Did you ever see a man with a row
of pins along the bottom of his vest?
It is ten to one he picks every one
up before the sweepers get around.

This policeman has watched pins

and he says he never saw one stay
on the pavement more than 20 min-
utes. He has seen people fall in
their eagerness to pick one up—one
poor tin pin at that.

When asked if the habit were not
a characteristically feminine one he
laughed. "That's just where you are
wrong," he said. "I'm sorry to con-
fess it, but it's the men who pick up
the pins. I'll tell you another thing,
too, it's the old men and the well-to-
do men who pick up the most pins.
They make a habit of it and they
never let a chance pass to please the
habit. I've seen some of the smart-
est and richest business men in the
city stop on this corner and pick up
a pin. And I've laughed in my sleeve
to see them do it, wonderin' what
they would say if some one asked
'em what they did it for.'"

The policeman extricated a woman
from entanglement with a street car
before he finally said: "It's a funny

thing; they've got most of the queer-
ness, has women, but this isn't one
of them. Women don't go in for
pins that's picked up on the street.
I suppose they're the ones that loses
most of 'em, but they seldom pick
'em up."

Latest Tale of Whistler.

There is, apparently, no end to the
procession of stories about the great-
est of the modern masters of the
etching needle, Whistler. The latest
is thus set forth:

It was, Whistler's custom when
drowsy to go deliberately to sleep,
no matter where or what the circum-
stances might be. At one dinner
party his gentle snore suddenly
aroused his neighbor, who nudged
him violently with his elbow. "I
say, Whistler," he protested, excited-
ly, "you must not sleep here."
"Leave me alone," snapped Whistler.
"I've said all I wanted to. I've no
interest at all in what you or your
friends have to say." One evening
he was a guest at a hotel, as was also

Edwin A. Abbey, and immediately
after the dinner was served went
calmly to sleep. On the way to the
theater he had another nap in the
cab. He also slumbered peacefully
through the play. The next morning
he blandly asked: "What did Ab-
bey have to say last night? Any-
thing worth while?"—London Globe.

THURSDAY, NOVEMBER 10.

Daily Thought.

"Let us remember that smiles beat frowns and hearts should be our ear-burster and nerve our motor and gentleness the tires we ride upon."

In Missouri the votes in the sticks couldn't overcome the vote in the Bush.

Lucia Durrett is a living refutation of the theory that a man can't come back.

"The Casino Girls" in Smiling Island" didn't show up. Evansville papers please copy.

Lexington machine politicians received a bump, just as they do in Paducah, when a full vote is polled.

The Memphis Commercial-Appeal still claims the election of Hob Taylor. There's loyalty for you; but it isn't being a newspaper, is it?

Don't forget, amid it all, that Ballinger's state, Washington, went Republican. Evidently they haven't repudiated the administration, where he lives, on his account. Don't Collier's circulate on the coast?

And now we are told that all those notes concerning the whereabouts of Belle Elmore were planted by a "skindicate," which intended to produce a bogus B. E., and make a killing in vaudeville. Has Dr. Cook anything to do with this?

The Memphis News-Sentinel says if the legislature is Pattersonian, the election of Hooper will be contested. Better leave that sort of thing alone, boys. You've got trouble enough on your hands in Tennessee without hunting for more.

It doesn't require as great wisdom to associate the decrease in Iowa's population with the increase in New Mexico and the Republican majority in the new state. The hardy farmers from the cold western plains are making the rich soil of the desert valleys to bloom under irrigation.

"I am a Republican, I have kept the faith." God bless Uncle Joe—not the speaker—just plain Congressman Cannon. No, not even the minority leader. He'll see some Democrats in the seats, where many sat who think as he thinks, and a lot of upstart insurgents will be bossing the Republican caucus, that he used to boss; but they still sell that same brand of black seegar in Washington, and Uncle Joe is waxing old.

AN ABSURD CONTENTION.

The absurd contention of the morning paper, that, since there is no "short term" vacancy on the school board from the Third ward, and there was no Republican candidate against Dr. Winston for the empty honor, if Dr. Winston receives more votes for the short term than S. T. Hubbard receives for the long term, Dr. Winston must be given the long term certificate of election, can be disposed of quickly.

F. B. May was the candidate for the "long term" on the Democratic ticket, and Dr. Winston the candidate for the "short term." No man can receive a certificate of election for an office for which he was not a candidate, and no voter may vote for two men for the same office. Now, if Dr. Winston was not a candidate for the "long term," he must not be given a certificate for that office. If he was, then he and F. B. May were candidates for the same office on the same ticket, and every straight Democratic vote must be thrown out; because everyone, who voted the straight ticket voted for both F. B. May and Dr. Winston for the same office. If the election board desires, it may, of course, give Dr. Winston a certificate of election for the short term on the school board, and let him keep it as a souvenir, there being no vacancy; but it clearly may not give him a certificate of election to the office for which F. B. May and S. T. Hubbard were contesting.

We doubt not that the whole situation is one, in which Dr. Winston would not care to be implicated. Mr. Hubbard is an old member of the board, who ran more than a hundred ahead of his ticket and defeated his opponent for the long term. Had Dr. Winston been running against someone he might have won. It is nothing to his discredit that he was placed on the ticket for an office,

which does not exist, and we do not believe he would lend his name to a political trick to oust a man, who has proven so capable and been so strongly endorsed by popular vote for re-election. There is no remuneration for the office and there could be no honor in accepting by a trick in place to which another man was elected.

We believe Dr. Winston would say, what George Ingram said, when from the same source came the proposition last year, that he take advantage of a clerical error in one precinct, to secure a position on the board of midmen: "I don't want an office gained in that way."

THE FLY IN THE OINTMENT.

There's a fly in the ointment. Amid the din of crowing roosters and the shouting of the victors, there rises a voice above all the rest from far away Fairview, Nebraska. It is the voice, which cried "you shall not crucify us upon a cross of gold." It is the voice that sounded the keynote of "anti-imperialism." For the first time it is not a note of protest, but of hope and encouragement; and yet,—strange of paradoxes—when it was a voice of protest it was welcomed by the Democratic party as the one forlorn hope; now, that its words speak of victory achieved, it strikes terror to the hearts of the very roosters on the front page of the Ghraltair press.

William Jennings Bryan, victorious, casts his shadow across the future of Democracy! He was a glorious martyr to all the lost causes a fanatical and desperate opposition could snatch at; but William Jennings Bryan, still fanatical, if you please, but triumphant, just when his party is reactionary and hopeful, is a formidable figure, indeed.

Mr. Bryan has just achieved the defeat of the Democratic candidate for governor of Nebraska on a county local option platform. He has done more: he has opposed the nomination of Dabman and opposed his election; but espoused the cause of the candidate for United States senator and the other state offices, and they were all elected. Was ever the power of one man more signally exemplified in a state election? O, you Murphys and Flings Conners, of New York; you John H. McLeans and Harmons, of Ohio; you Woodrow Wilsons, of New Jersey!—remember the fate of Alton B. Parker, and Mayor Dabman. Neither was pleasing to the "Boy Orator of the Platte," and he has demonstrated once again, if not his personal influence, at least, his ability to sound and keep in touch with the sentiment that fills the breast of the ranchman and the farmer of the trans-Mississippi plains. Will Bryan submit to the domination of the reactionary influences, which have won the Democratic victories in the eastern states and pushed two strong figures upon the national platform—Judson Harman and Woodrow Wilson?

Will he? Not if Bryan knows his west, and we know Bryan! The same impulse that made insurgency such a force in Republican politics beyond the Mississippi produced Bryan and the Bryan type of Democracy. He and it represent the spirit of the west; and Henry Waterson, prophet that he is, foresaw this antagonism between the west and the east, but with pardonably human prejudice he concluded that the west would join the south against the east, and that the south and west would be Democratic and the east Republican. He is mistaken. It has been our observation that southern Democracy is one of those handy, dependable things, which can be attached to most anything, originating either in the west or east, if properly labelled with that name. It followed free silver, anti-imperialism and state rights with the same blind loyalty that it follows gold standard, bank guaranty and the Lakes-to-the-Gulf-Deep-Waterway. It will be Wall street and conservatism, now that Tammany has captured the whole Democratic national organism; but Bryan won't be and the west won't mark this.

Bryan stands out a figure, who has achieved a striking single victory, amid the general drift of things. One other man also looms large amid the wreck—William H. Taft. He is the one man in his party without factions or enemies. To him alone must insurgent and reactionary, progressive and stand-patter look for political patronage; he is the one man, who is personally friendly with them all. The short session of congress, which the Republicans will hold before they relinquish the house to Democracy, will be absolutely dominated by President Taft, and his reform measures will be rushed through.

There is no one, now, who can oppose him in 1912; and there was nothing in the recent election to reflect on his work. Dix in New York had no larger majority than Hild S. Coler had in the city, when Odell beat him in the state. The anti-Roosevelt Republicans up-state simply refused to work for the ticket. In Ohio factional differences kept the Republicans apart, and they elected the same man who carried the state when Taft carried it. In Indiana Beveridge was opposed by a Republican faction against whom he had fought; and everywhere that the Republicans lost, it was because the progressive and reactionary forces were fighting for control of the organization, and didn't get out the vote. An off-year is an opportune time to settle these matters. Two years as a minority will sober the insurgents and open the eyes of the old timers. In that two years the Democratic party will find itself, either

lined up with the reactionary influences of Wall street or the radicalism, for which Bryan stands, and then William H. Taft will put the character of his administration to the test of popular opinion.

WYOMING ELECTS

(Continued from Page One.)

Republican representation will be 154 or 165, or eight seats less than the Democrats now have in the 61st congress.

Late returns from the Eleventh Pennsylvania indicate C. C. Rowman, Republican, is elected, removing this district from the doubtful list, but the 12th Pennsylvania, normally Republican, is Democratic.

Confidence is not felt in the returns of some of the Wisconsin districts, and it is not improbable the official figures will change the totals of the two parties. The Fifth Wisconsin district is claimed by Victor L. Berger, Socialist. Henry P. Cochems, Republican candidate, does not concede Berger's election and a re-count may be necessary.

Noticeable is the gain of the Socialist vote, not only in the cities but in the outlying districts.

In Iowa, Nebraska, Minnesota and Michigan the late reports indicate the correctness of the earlier reports. The Republicans of Chicago and Cook county find comfort in one candidate saved from the entire list. Probate Judge Charles S. Cutting. The general results are likely to be maintained by the final official count.

Senate Ten Republican.

Chicago, Nov. 10.—The developments in politics may be summarized as follows:

Complete (not official) returns give Robert E. Lee, Democrat, a majority of 55 over Robert D. Heaton, Republican, in the Twelfth Pennsylvania district.

The probability is that Governor Stubbs, Kansas, has a plurality exceeding ten thousand.

The election of Whiteaker in the Thirteenth Ohio district, increases the Democrat total gain by one.

The first time in thirteen years the Democrats have control of every branch of the Indiana state government, two United States senators, and all but one member of the congressional delegation.

The Nevada legislative result passed from doubtful to Republican. Oswald West, Democrat, is leading Jay Bowman, Republican, for the Oregon governorship.

Lee Cline, for governor, and the remainder of the Democrat state ticket, were elected in Oklahoma. Judge Alton B. Parker, Democrat, is prominent as the successor of Senator Doxey, of New York.

The Republicans are assured of 16 new United States senators, which, with the thirty-four holdovers, gives them a total of fifty.

The Democrats are assured of fifteen new senators, which, with the 25 hold-overs gives them a total of 40. Two senatorships are still in doubt, Iowa and Montana, and there is prospect of a tie.

The governorship of one state not yet beyond doubt, Idaho.

Complete returns show the Socialists polled an unusually heavy vote in many parts of Pennsylvania and Ohio.

Ninety-one Iowa counties out of 99 show the Republicans elected nine congressmen and the entire state ticket, headed by Governor Carroll. The latter's plurality probably will be 15,000. Although Gilbert M. Hitchcock probably received a good majority of the popular vote over Emory J. Barkett it is not certain that he carried with him the majority of the legislature. Returns indicate a close race. The official count will be necessary to decide the congressional vote in the seven-tenth district.

The Ohio legislature is Democratic. Harmon's plurality for governor in Ohio is 95,000. Hitchcock won the senatorial, and Adrick, Republican, the gubernatorial race in Nebraska.

BOUNDARY QUESTION SETTLED.

California and Arizona Agree on Colorado River Dispute.

Phoenix, Ariz., Nov. 10.—The California-Arizona boundary controversy which came up at an early session of the constitutional convention was disposed of today by the adoption of the original proposition, the committee on federal relations reporting that California had waived all claims to the territory east of the mid-channel of the Colorado river.

Debate on the recent measure was postponed until Thursday.

WAGE SCALE

OF RAILWAY CLERKS' UNION IS FRAMED.

Don Harper Returns From Meeting at New Orleans—L. C. News.

The regular quarterly meeting of the Illinois Central hospital board will be held tomorrow morning at the hospital. The members of the board will arrive tomorrow for the session, which will be composed chiefly of routine business.

Don Harper has returned from New Orleans, where he attended a conference of the officers of the Railway Clerks' union. The officers framed their wage scale which will be presented to A. E. Cliff, superintendent of southern lines, at an early date. Over this scale it is expected that a conference will be necessary, and it may be called at any time.

C. F. Parker and W. A. Summerhays, of Chicago, of the storekeeping department, arrived in the city today from the south. They were on their regular inspection trip.

Conductor W. E. Kelly, who has been ill at the hospital, has been removed to his home.

H. H. Hulin, a bootmaker helper, is seriously ill at the hospital.

GIGANTIC DEAL.

Over 600 Miles of Electric Railway to Southern Pacific.

Los Angeles, Cal., Nov. 20.—One of the largest deals of its kind in the history of the West was to have been closed, when the 600 miles of the Pacific electric railway, together with the power plants, cars and other equipment, will formally pass to the control of the Southern Pacific Railroad company. The transaction will precede the retirement of H. B. Huntington, who began the development of what is now the largest system of interurban railroads in this country in 1900. Coupled with its ownership of the Los Angeles Pacific railroad company, the Southern Pacific will control practically all of the interurban lines centering in Los Angeles, approximating 700 miles.

The financial consideration of the latest deal has not been made public.

REPARATION IS WANTED.

Mexico Protests at Lynching of Man Who Murdered White Woman.

Washington, Nov. 10.—Senator De la Barra, ambassador from Mexico, presented a claim, for reparation to the secretary of state because of the lynching of Antonio Rodriguez at Rock Springs, Tex., November 3.

Rodriguez, a Mexican citizen, confessed to the murder of Mrs. Lem Henderson, at Rock Springs, and was burned at the stake.

La Barra was assured the United States would do everything possible to apprehend the guilty person.

TRIPLE HANGING

ONE WHITE MAN AND TWO NEGROES EXECUTED.

Moses Cook of Memphis Shot His Wife on Monroe Street About a Year Ago.

Nashville, Tenn., Nov. 10.—Moses Cook, a white man, and Love Bond and John Casson, negroes, were hanged at sunrise at the state prison near this city. Cook was convicted of murdering his wife on Monroe avenue, Memphis. Love Bond was also convicted of wife-murder. John Casson was hanged for the murder of a boy in Memphis.

When the trap was sprung Cook and Bond never quivered, their necks being instantly broken. A few slight struggles were made by Casson, but it is thought by the prison physicians that this was only an involuntary movement and that he was dead at the time. Within ten minutes the doctors, with their hands on the pulse of the hanging men, declared that the hearts had ceased to beat.

The bodies will be disposed of at the men requested before they died. Cook killed his body to Dr. R. J. 324 and asked that it be embalmed and sent to his father in Robertson county. Love Bond stated that he wanted his body turned over to a local medical college, to be used for the good of the profession. Casson's wife with Warden Rice that his sister in Memphis be notified and that his body be sent to her.

Those who were present state that the hanging was carried out as humanely as was possible and that everything was done for the comfort of the condemned men.

ROOSEVELT IS SILENT.

Refuses to Express His Views on Results of Elections.

Oyster Bay, N. Y., Nov. 10.—"Absolutely nothing to say," was the word that came from Sagamore Hill tonight. Theodore Roosevelt was at home all evening but he declined even to receive interviewers. Kermit Roosevelt appeared at the door when at 9:30 o'clock an attempt was made to see the colonel.

"The colonel has absolutely nothing to say," said Kermit. Only fragmentary returns were received at Sagamore Hill during the evening, and up to 10 o'clock the colonel had heard almost nothing of the way the elections were going outside New York state. When Kermit was informed of the returns from Ohio, Massachusetts, New Jersey and Connecticut, he turned abruptly and hastened into the house to tell the news to his father.

The probable attitude of Colonel Roosevelt in view of the result of the election can be judged only by what he has said the last few days.

BIG HAUL FOR BANK ROBBERS.

Institution Was Closed Monday With \$20,000 in Safe.

Danville, Ill., Nov. 10.—Hurgula blew the safe in the Pendelfield (Ill.) bank, and it is reported that a large amount of cash was stolen, together with \$210 worth of postage stamps. There was \$20,000 in cash in the vaults when the bank was closed, and it is supposed that much of this has been taken. The robbers escaped in a buggy.

COMMISSIONER'S SALE.

In pursuance of a judgment of McCracken circuit court, rendered at its October term, 1910, in the action of R. A. Hays, plaintiff, against A. L. Powell, defendant, I will, on Monday, November 14th, (about the hour of 10 o'clock a. m.), 1910, (being County Court day), at the court house door in Paducah, Kentucky sell to the highest bidder, on a credit of six months, the following described property, viz: Lying in the city of Paducah, McCracken county, Ky., and fronting on Farley place, or Short street, and beginning at a point 70 feet from what is known as the South Corner of the Jarrett, (Now W. L. Hower) property, and beginning at what is now Mike Kettler's South Corner on said street. Then with said street Southwest 55 feet; thence at right angles and towards Tennessee River 165 feet; thence towards Island Creek 55 feet to Mike Kettler's line; thence with Kettler's line 165 feet to the beginning. Being a part of what is known as the Kinkaid property above Island Creek, as shown on deed book No. 68, page 525, McCracken county court clerk's office, and being in all respects the same property conveyed to W. L. Hower by R. S. Barnett and wife, E. E. Barnett by deed dated November 29th, 1907, and recorded in deed book No. 58, page 519 aforesaid clerk's office, and by W. L. Hower and wife Anna H. Hower to R. A. Hays by deed dated April 24th, 1909, and recorded in deed book No. 89, page 521 aforesaid clerk's office.

Said property to be sold to satisfy a debt of \$222.41, with interest from October 29th, 1910, until paid and the costs of this action.

The purchaser will be required to give bond with approved securities, bearing interest at 6 per cent from day of sale, having force of replevin bond, on which execution may issue when due.

This 10th day of November, 1910.

STEALING FROM COMMON CARRIER IS CHARGE.

On a charge of stealing from a common carrier, Walter Williams, colored, was arrested in the south yards of the Illinois Central last night by Patrolman Vick and Special Officer Hamilton, of the Illinois Central. Williams, who lives at 1128 Hubbard street, is alleged to have been stealing coal from a car for his own use. Another negro, said to have been with Williams, made his escape. In police court this morning the case was continued to next Monday morning.

GERMANY INCREASES BUDGET.

Berlin, Nov. 10.—The Norddeutsche Allgemeine Zeitung today prints the details of the budget for 1912, showing expenditures of 2,921,954,126 marks, approximately \$731,226,284, an increase approximately of \$12,575,545.

The estimate includes for the army \$203,941,844, an increase of \$2,214,155, of which amount \$1,976,121 is for additions to the peace footing.

The navy estimate is \$112,639,849, an increase of \$4,128,382. The budget requires a loan of \$24,438,082 to balance the expenditures, as against \$47,962,290 borrowed to balance the present budget.

Cars Without Platforms.

Washington, Nov. 10.—The District of Columbia electric railway commission has approved a new type of street car which has been in use in Washington. The car which is designed to reduce the number of trolley accidents to a minimum, has no bulkheads or platforms. The steps fold into the car after the passenger has got on or alighted. The levers controlling these steps are controlled by the motorman, who is right in the car with the passengers and not stationed in a vestibule. The new cars have no grab handles and cannot be boarded until they have stopped.

The pay-as-you-enter idea is abandoned and the passenger pays when he gets into the car.

A Physician's Report on Tuberculosis Medicine

"Have used Eckman's Alternative in several cases of tubercular glands of the neck, with excellent results every time. In one case it cost me \$30, for the girl was put on it only until she could arrange to be operated, and in a short time an operation was not needed. Suppose your records are just as fine as of old. You know my faith in it." Eckman's Alternative is effective in other forms. Read what Mrs. Garvin says:—
 "Gentlemen: 'I have gained twenty-two pounds since last February and my baby is in perfect health. She is now four months old. I have been waiting since she was born to see how I would get along. I am now doing all my work, have been ever since she was four weeks old, and I am steadily gaining. I do not cough or feel anything at all. I believe my lung trouble cured.'"
 (Signed) Mrs. M. H. Garvin.
 Note—Mrs. Garvin is the mother of seven children.

ANOTHER BLOW TO DR. COOK

FIRST REPORT OF RASMUSSEN, EXPLORED.

Traveled in Circle Not Near North Pole—Eskimos Testify to This.

BELIEVES STORY OF ESKIMOS

Chicago, Nov. 10.—Dr. Frederick A. Cook was further discredited in a special dispatch to the Chicago Daily News from its correspondent in Copenhagen, Denmark. The story was the first publication of the report of Knud Rasmussen, the Danish explorer, as sent by him to his wife in Copenhagen and now given out by her.

Contained in the story is what purports to be the statements of Cook's two Eskimo companions in the polar quest, Itukusuk and Apilak, in which they affirm Commander Robert E. Peary's charge that Cook traveled in a circle and never even approached the pole. Rasmussen, in the story, is quoted as saying he himself did not interview the man, but that their statements were taken by the Rev. Gustav Olsen and Knudt Seemann, missionaries, born in Greenland and at the time of securing the statements working in the country from which Cook claimed to have started for the pole.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays, we don't have to resort to the old-time, tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product. Wyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation is sold by all first-class druggists for 50c, and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cresskill St., New York City, upon receipt of price.

The Quickest, Simplest Cough Cure

Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50. Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, sore lungs, asthma, throat troubles, etc.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (50 cents' worth) in a pint bottle and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualol and all the other natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Already in 1909, when I was on an expedition to Greenland, writes Rasmussen, "there existed grave doubts as to whether Dr. Cook really had reached the pole, so I determined to find out from his two Eskimo companions. I secured their statements through the missionaries."

This is the story of the Eskimos given in the dispatch:

Traveled With Dr. Cook.

"We traveled from Anaktok with eight sledges, in company with Dr. Cook, at the first sunrise" (February). From there to Ellesmere we left only once on the ice. It took eight days to cross Ellesmere. Eighteen days out our companions left us. We had gone only about 12 English miles from land.

"The ice was fine and there was no reason to stop, for any one who wanted to go on could do so. The nineteenth day Dr. Cook took observations with an instrument he held in his hand, and we then changed our course westward."

"We left here a lot of food for men and dogs and one of us (Itukusuk) went ahead to examine the ice. We reported it in good shape, which it was, but Dr. Cook looked at it and said it was bad."

"On the way back we stopped at open water near the land. We topped one day and went over to Ringnas Island before the snow had melted (April). We had not had the least fog on the ice. At this time the sun was just below the horizon at night. It was the month when it does not get dark (March). Later, when near Axelhelberg Land, we passed two days in a fog."

"One day I, Apilak, came upon Dr. Cook sitting down and drawing a map. I looked at it and asked him: 'Whose route are you drawing?' 'My own,' replied Dr. Cook."

Rasmussen adds: "I regard the report as absolutely authentic. According to what is known Dr. Cook said nothing of the pole while with his two companions, and when he left them and began to tell of 'finding the pole' his two new companions believed, as they could not conceive a man prevaricating about so great a thing. The map drawn by Itukusuk is remarkably well done."

Sent Wife Similar Report.

Rasmussen has also sent his wife a similar report on Peary's trip, says the dispatch to the Chicago paper, purporting to give the tales of Itukusuk and Ukuark, Peary's companions. This part of the dispatch says Peary prepared for the march by sending ahead men and sledges some time before.

LOWER LOCKS

WILL BE LOCATED BY THE OHIO RIVER BOARD LATER.

Lock 46 to Be Located Just Above City of Owensboro—Stephensport.

Louisville, Ky., Nov. 10.—Capt. Lytle Brown, chief engineer of the improvement work which the government is making in the Louisville harbor and in other parts of the river in the Louisville district, has returned from New York. He met with and presented plans to the members of the Ohio river board at a meeting held there last Friday.

The board made its final selection of sites for the locks and dams to be constructed along the river between Louisville and Henderson. The location for the locks between Henderson and Cairo will be made later. The locks between this city and Henderson will be situated as follows:

Lock No. 45, to be four miles below Stephensport, Ky.; lock No. 46, to be a half mile above Owensboro; lock No. 47, to be two miles below Newburg, Ind.; lock No. 48, to be 10 miles below Henderson, Ky.

REVISE TARIFF OR TAKE CONSEQUENCE

DEMOCRATS IN NEXT HOUSE WILL HAVE TROUBLE.

Can't Dodge the Issues and Clump Clark is Making All Kinds of Promises for the Session.

THE PRESIDENT GETS BUSY.

Washington, Nov. 10.—Feeling keenly the blows dealt to the great party of which he is the head, President Taft returned to Washington this morning from Cincinnati, where he cast his ballot in a lost cause. He had no comment to make upon the result and went directly to the white house, where it was anticipated he probably would not break his silence concerning political affairs until after his return from Panama.

Disappointed as is the president at the loss of the house of representatives to the Democrats, his political advisers are planning their hopes to the fact that a three months' session of the present Republican majority in both branches of congress is about to begin.

It is known that into that brief period the administration intends to crowd as much of its legislative program as there seems to be the remotest chance of enactment.

Progressive Legislation.

Much of the proposed legislation which will be urged on congress in the president's forthcoming message will be of a progressive character, and it is said here the prospects are excellent for harmony in the Republican ranks. An effort will be made in the short session to pass as much progressive legislation as possible, because of the effect such measures would have upon the fortunes of the present administration two years hence.

Interesting as promise to be the events of the short session, the assembling of the new congress and its conduct—with a Democratic house and a Republican senate, serving under a Republican here—will attract far wider attention. The first session of the new congress, which will convene in a little more than a year hence, is practically committed to tariff revision by reason of yesterday's results.

The peculiar situation will not be without embarrassment to both parties. It is not believed here that the Democrats will dare to undertake to force tariff revision under a Republican president. Yet tariff measures must originate in the house, and in as much as the Democrats will be in control of that branch and in charge of all its committees, it would appear that the taking of the initiative could not be evaded, even if that should be the desire of Democratic leaders.

The tariff is one of the questions on which the Democrats are almost as badly divided as were the Republicans.

Minority in Senate.

Coming into power in the house and being in the minority in the senate is expected to have a sobering effect upon the Democratic party leaders, for it is generally conceded that with the gains made in the senate and with the large insurgent Republican vote in that body, this party could control the tariff situation if a program compelling popular support were adopted.

So many southern states have adopted the policy of protection, while in other sections where the Democracy is strong there remains a sentiment in favor of practical free

Since John Quit Drinking

By John's Wife

I'm the happiest little woman, in all this little town. And my merry laugh and singing, takes the place of sigh and frown. For JOHN HAS QUIT HIS DRINKING. And he like himself care more. And the world is just a paradise. With such happiness in about. One day I read some verses— "Mary's Struggle," the name. And I said, that's John's story. And I'll read and get the same. So I sent for GOLDEN REMEDY. (As easy as any could be) And I put it in John's supper. And I pulled to his bed. And it didn't taste a little bit. Had no color, no yuck—no. It was smooth and soft and sailing. For little brother John. And I watched and prayed and waited. And cried some, too, I guess. And I didn't have the greatest faith. I'm ashamed now to confess. And John never thought of drink. He was being cured of drink. And soon he's as well as any one. It makes me cry to think. Just makes me cry for children. I'm so proud to be his wife. Since he is cured of drinking. And lead a nice life. "Shouldn't be well a drink!" I can't say it times enough. And John and I have a flower. As he would a poem now. And when I say my prayers at night. As I should do, as he is. I pray for JOHN the most of all— Then GOLDEN REMEDY.

trade, especially free raw materials, that Republicans may now sit back and view with a measure of complacency the spectacle of their long-time enemies looking horns over questions which have broken their own hold upon the government.

Cannon in Easy Chair. No member of the present Republican majority is in better position to view with complacency his party's loss of power in the house than Speaker Cannon. The issue of whether he is to be re-elected speaker is dead. Some of his staunchest friends went down to defeat partly because they had remained steadfast, but on the other hand, some also of those who deserted him lost their places.

No threats upon Democratic control of the solid south were made by the Republicans. The appeal of both President Taft and Colonel Roosevelt in this respect were in vain, and the returns show losses to Republicans in the limited number which that party has in the membership of the house from the southern states. There is little doubt that most of the insurgent Republicans from Wisconsin, Minnesota, Iowa and Kansas have been returned.

quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. Has automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so the wick can be quickly cleaned.

It has a damper top and a cool handle. Indicator always shows the amount of oil in the font. The filter-cap does not need to be screwed down; it is put in like a cork in a bottle, and is attached to the font by a chain, and cannot get lost. The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking. The Perfection is finished in Japan or nickel, is strong, durable, well-built, built for service, and yet light and ornamental.

INSULTS ARE BEING OFFERED AMERICAN FLAG.

American Ambassador Protests to Department of Foreign Affairs.

Mexico City, Nov. 10.—Through insults to the American flag and assaults upon American citizens in the streets, the anti-American demonstration, which began last night, developed this afternoon into an affair of international importance. A protest was registered by the

American ambassador with the Mexican department of foreign affairs.

The demonstrations were caused by the antipathy aroused by the burning at the stake of Antonio Rodriguez at Rock Springs, Texas, on the night of November 3.

If the Floor is Warm the Whole Room is Warm

The fire in the Wilson Heater is so perfectly under control that with very little attention to the dampers, your rooms can be kept in a constant, healthful temperature. The celebrated Down-Draft creates perfect combustion in the Heater so that the whole

heater gives out heat instead of just the top portion, as is the case with other heaters. You know, of course, that hot air rises so that when the Wilson heats the floor as well as the upper air of the room the whole room remains at a steady even temperature.

Mayfield, Ky., Nov. 10.—On ac-
count of the dry season there is but
little tobacco coming to this city.

but as soon as a warm wet spell
comes it is expected that hundreds
of wagon loads of tobacco will be
hailed here. The farmers are sell-
ing their weed on the streets this
year to the highest bidder instead of
holding it in the barns until a buyer
comes around to offer a price.

The street sales are growing more popu-
lar every year and not many of the
dealers are sending buyers to the
woods. Next year, it is predicted,
that about all of the tobacco raised
in this county will be brought and
sold on the streets. Tobacco is still
bringing good prices.

LIVESTOCK.

Louisville, Ky., Nov. 10.—The re-
ceipts of hogs were 740 head, or
2,672 for the week, as against 13-
521 for the same days last year, and
11,165 for a corresponding period
two years ago. The market was slow
in opening, and although the supply
on sale was small, prices dropped 5¢
to 10¢, in sympathy with other markets.

The best hogs, 165 lbs. and up, sell-
ing at \$8.15; 165 lbs. down at \$8,
and roughs \$7.85 down. The pens
were well cleared, but the market
closed slow.

Cattle.
The receipts of cattle were 211
head; for the three days this week
3,841. The buying crowd was a local
affair, and the demand rather
light. Market quiet, with but little
change in any department. Prime
light butcher cattle continue selling
steadily at steady prices; medium
and inferior kinds slow sale. Tend-
ency toward a shade lower prices on
grassy, half fat cattle. Good healthy
feeder and stocker market. The de-
mand for slop steers is unabated,
not near enough coming to supply
the trade. Bulls steady; canners and
cutters dull. Milch cows unchanged.
No prime heavy steers here; feeling
unimproved on that class.

Calves.
Receipts 57, for the three days;
323. The market ruled firm and
higher, the best 8¢ 3/4c, medium 8¢
@ 8c, common 2 1/4¢ @ 6c.

Sheep and Lambs.
Receipts 40, for the three days;
343. The market ruled quiet, best
fat lambs 5¢ 3/4c, some fancy high-
er, culled and medium lambs 3¢ @ 5c.
Fat sheep 2 1/4¢ @ 3c down, common
sheep hard to sell.

St. Louis, Nov. 10.—Cattle—Re-
ceipts 6,000; market steady to strong
native beef steers \$6.25 @ 7.50;
cows in criolado lots \$6 @ 8. Hogs—
Receipts 9,000; market 20 @ 30c low-
er; pigs and lights \$8 @ 8.25; pack-
ers \$7.50 @ 8.20; butchers and best
heavy \$8 @ 8.25. Sheep—Receipts
4,000; market steady, native muttons
\$3.75 @ 4.15; lambs \$5.50 @
6.75.

It Would Be Dry.

Gov. Stuart has become quite a
public speaker during his term. He
began his campaign four years ago
with a feeling approaching diffidence
when he came to make a speech. This
did not grow less during the
campaign, and, if anything, became
worse when the Capitol job was ex-
posed.

When asked to make speeches in
the campaign by Republican State
Chairman Walton the other day, the
Governor consented, but told this
story to illustrate what kind of a
talk he might make:

"There was a loquacious Scottish
dominie who always had something
to say to his parishioners. It was
a rainy Sunday. Mrs. McPherson,
however, found her way through the
rain to the church.

"The preacher, coming down the
aisle, approached the regular attend-

ant and said:

"It is a wet day, Mrs. McPherson."

"Never mind. It will be dry
enough when you get in the pulpit,"
replied she."—Philadelphia Times.

For Friday Bargains

Harbour's
Department Store
NORTH THIRD STREET
Half a Square From Broadway
"The Store That Keeps the
Prices Down."

Whether prompted by feelings of interest, by motives of economy or by the desire to secure the best, every man or woman with something to buy should come to this store. Very few men or women can afford to disregard our Friday savings, but even those who merely want the best, the variety the quality, the style, without regard to price, have these strong reasons for patronizing this store. Then there is still the stronger incentive—that of economy. Economy is so strongly manifested in Friday's prices that it and every other reason for buying here is a good one—too good for anyone who wants complete satisfaction, to ignore or disregard. It is fair to yourself and to this store to remember that other stores' bargain prices are only this store's everyday prices.

LOGICAL REMEDY FOR ECZEMA.

Many different remedies have been tried for Eczema and other skin diseases. But it is now known that the only possible cure is a mild, soothing liquid made up of Oil of Wintergreen, Thymol, Glycerine and other ingredients so carefully compounded that each ingredient has its proper effect.

This compound is now made up in the D. D. D. Prescription. Ten years of success and thousands of cures show the merit of this wonderful compound, but the most convincing proof is a trial of the remedy by any eczema sufferer.

D. D. D. will prove to you that you can be cured. The very first drops will give you instant relief. Get a trial bottle today.—R. W. Walker Co.

Boats Due.
John L. Lowry, Evansville, Kentucky, Riverton, Ala.

Miscellaneous.

Gauge at 7 a. m. showed 2.6 feet, indicating no change in the river stage yesterday. Weather cloudy and colder.

After having a new cylinder installed the towboat Conder, of Jopka, which has been lying at the foot of Washington street, returned to Jopka this morning. Capt. Jas. F. Hecowski, Jr., was at the wheel.

With a large of lumber the towboat Conder, en route from Cairo to Paducah.

From Riverton, Ala., the Kentucky is due tonight or tomorrow morning. She will make a return trip Saturday evening.

The Clyde got away for Waterloo, Ala., on time last night with a big trip. She will return next Monday.

The Dick Fowler has been moved to the foot of Ohio street.

The Perry Swain, which is to run between Henderson and Evansville, passed up yesterday from Cairo. She has been running out of St. Louis.

The Mary Anderson left for the inland at Caseyville this morning for a tow of coal for the West Kentucky Coal company.

The Tomahawk left this morning for the Tennessee for a tow of ties.

The George Cowling arrived on times today from Metropolis, making her two regular trips.

When the J. T. Reeder returned from Cairo at 9 o'clock last night her crew of rowboats, numbering half a dozen, quit. With difficulty another crew was shipped this morning and she left somewhat late for Cairo. She will leave Cairo at 5 o'clock tomorrow morning for Paducah.

The John L. Lowry is expected to arrive from Evansville tonight or tomorrow morning.

The Robertson is enjoying a big ferry trade.

The Charles Turner came out of the Tennessee river yesterday afternoon with a tow of logs for Metropolis.

The Ohio will get off the marine ways the last of this week and resume the Gloconia trade Monday.

Yesterday's Evansville Courier says:

The locks at Ramsey have been replaced and direct traffic between

Evansville and Bowling Green has been resumed. The Evansville cleared the lock at noon yesterday and arrived in Evansville last night. For ten days while the gates have been repaired all freight and passengers had to be transferred at Ramsey, the steamer Evansville being above the lock and the Bowling Green between there and Evansville.

The John L. Lowry and large Princess arrived yesterday afternoon at 5 o'clock from Paducah with as heavy a trip as can be carried with such low water. The cargo consisted of produce and live stock.

The U. S. lighthouse tender Golden Rod returned from Cairo yesterday afternoon and left this morning for the Tennessee river. On her return here in about ten days she will proceed on to Cincinnati.

Fraud Is Charged.

New York, Nov. 10.—Charges that "fraud and undue influence" induced General Thomas E. Eckert, former head of the Western Union Telegraph company, to bequeath the bulk of his \$3,000,000 estate to his elder son, Thomas T. Eckert, Jr., were declared by Jas. C. Eckert, in the proceedings begun today.

COAST ARTILLERY

IS DESTINATION OF THREE ARMY RECRUITS.

Capt. G. W. Kirkpatrick Accepted Them Here This Morning.

Three recruits for the coast artillery in the United States army were accepted this morning at the local station by Captain George W. Kirkpatrick, of Evansville. James M. Wade, 26 years old, of Paris, Tenn., who served three years as a trumpeter in the coast artillery at San Francisco, re-enlisted. He has been out of service two years and is a locomotive fireman by occupation.

William E. Garrett, 24 years old, of McKenzie, Tenn., a locomotive fireman, enlisted. He stands over 6 feet in height and is of a powerful build. The third was Robert Emerson, 22 years old of Henderson, a farmer. Sergeant Blake is holding two men on probation, Captain Kirkpatrick returned to Evansville this morning.

WOODMAN'S AX BUSH IN 1000.

Over 11,000,000 More Feet Cut Than in Preceding Year.

Washington, Nov. 10.—Lumber cut in the United States during the year 1909 amounted to 44,585,000,000 feet, as against 33,124,000,000 feet in 1908, according to a report by the census bureau. Of this total the soft wood supplied almost 24,000,000,000, or about 76 per cent, and the hard wood the remainder. Of the soft wood, the yellow pine led and the greatest production of that article was in the Atlantic and Gulf coast states, from Virginia to Texas, together with Arkansas and Oklahoma. These states, together with Kentucky and Tennessee, have constantly increased their output in recent years.

Child Killed By Wagon.

Murray, Ky., Nov. 10.—Upel McQuiston, youngest child of Mr. and Mrs. Johnson Methelton, was killed almost instantly by a wagon loaded with corn running over her body. Dr. Mason was called, but she lived only a few minutes after he arrived. She was 8 years old and a member of a large family. Her father is a well-to-do farmer, living two and a half miles from town.

LOGICAL REMEDY FOR ECZEMA.

Many different remedies have been tried for Eczema and other skin diseases. But it is now known that the only possible cure is a mild, soothing liquid made up of Oil of Wintergreen, Thymol, Glycerine and other ingredients so carefully compounded that each ingredient has its proper effect.

This compound is now made up in the D. D. D. Prescription. Ten years of success and thousands of cures show the merit of this wonderful compound, but the most convincing proof is a trial of the remedy by any eczema sufferer.

D. D. D. will prove to you that you can be cured. The very first drops will give you instant relief. Get a trial bottle today.—R. W. Walker Co.

Boats Due.
John L. Lowry, Evansville, Kentucky, Riverton, Ala.

Miscellaneous.

Gauge at 7 a. m. showed 2.6 feet, indicating no change in the river since yesterday. Weather cloudy and colder.

After having a new cylinder installed the towboat Conder, of Jopka, which has been lying at the foot of Washington street, returned to Jopka this morning. Capt. Jas. F. Brumski, Jr., was at the wheel. With a barge of lumber the towboat Conder, en route from Cairo to Paducah.

From Riverton, Ala., the Kentucky is due tonight or tomorrow morning. She will make a return trip Saturday evening.

The Clyde got away for Waterloo, Ala., on time last night with a big trip. She will return next Monday.

The Black Powder has been moved to the foot of Ohio street.

The Percy Swain, which is to run between Henderson and Evansville, passed up yesterday from Cairo. She has been running out of St. Louis.

The Mary Anderson left for the mines at Caseyville this morning for a tow of coal for the West Kentucky Coal company.

The Tomahawk left this morning for the Tennessee for a tow of logs.

The George Cowling arrived on times today from Metropolis, making her two regular trips.

When the J. T. Reeder returned from Cairo at 9 o'clock last night her crew of constabulary, numbering half a dozen, quit. With difficulty another crew was shipped this morning and she left somewhat late for Cairo. She will leave Cairo at 8 o'clock tomorrow morning for Paducah.

The John L. Lowry is expected to arrive from Evansville tonight or tomorrow morning.

The Robertson is enjoying a big ferry trade.

The Ohio will get off the marine ways the last of this week and resume the Gloconia trade Monday.

Yesterday's Evansville Courier says:

The locks at Ramsey have been replaced and direct traffic between

Evansville and Bowling Green has been resumed. The Evansville cleared the lock at noon yesterday and arrived in Evansville last night. For ten days while the gates have been repaired all freight and passengers had to be transferred at Ramsey, the steamer Evansville being above the lock and the Bowling Green between there and Evansville.

The John L. Lowry and barge Princess arrived yesterday afternoon at 5 o'clock from Paducah with a heavy trip as can be carried with such low water. The cargo consisted of produce and live stock.

The U. S. Lighthouse tender Golden Rod returned from Cairo yesterday afternoon and left this morning for the Tennessee river. On her return here in about ten days she will proceed on to Cincinnati.

Fraud Is Charged.

New York, Nov. 10.—Charges that "fraud and undue influence" induced General Thomas E. Eckert, former head of the Western Union Telegraph company, to bequeath the bulk of his \$3,000,000 estate to his elder son, Thomas T. Eckert, Jr., were declared by J. C. Eckert, in the proceedings begun today.

WOODSMAN'S AN RUSY IN 1900.

OVER 11,000,000 More Feet Cut Than in Preceding Year.

Washington, Nov. 10.—Lumber cut in the United States during the year 1900 amounted to 44,585,000,000 feet, as against 33,121,000,000 feet in 1900, according to a report by the census bureau. Of this total the soft wood supplied almost 31,000,000,000, or about 75 per cent, and the hard wood the remainder. Of the soft wood, the yellow pine led and the greatest production of that article was in the Atlantic and Gulf coast states, from Virginia to Texas, together with Arkansas and Oklahoma. Those states, together with Kentucky and Tennessee, have constantly increased their output in recent years.

Child Killed By Wagon.

Murray, Ky., Nov. 10.—Egal McCriston, youngest child of Mr. and Mrs. Johnson McCriston, was killed almost instantly by a wagon loaded with corn running over her body. Mr. McCriston was called, but he lived only a few minutes after he arrived. She was 8 years old and a member of a large family. Her father is a well-to-do farmer, living two and a half miles from town.
